BAD BREAKS.

The Shores of Wall Street Lined With the Wrecks of Stranded Curb-stone Cutters.

Gathering Up the Fragments--The Silver Lining of the Dark Clouds Slightly Revealed.

The Effect of the Crash on Other Banks--More Suspensions--Fiske & Hatch Go Down.

The Condition on Wall Street.

New York, May 15.—The Metropolitan bank has posted a notice to the effect that the bank examiners' having made an examination, the bank will resume business at 12 o'clock.

Henry L. Jacques has been elected president of the Metropolitan bank, in the place of George I. Seney, resigned. The bank directors accepted the resignation of President Seney and elected Vice President Jacques to succeed him.

A. W. Dimick & Co., bankers, have suspended.

Dimick says the trouble was caused by the inability to raise money on securities. All customers' accounts have been profitable. George Putnam Smith has been appointed assignee. The preferences are to customers.

9 a. m.—The scene on the street at this hour was one of unquiet activity. Since early in the morning the brokers' offices have been opened and accounts settled up. Many leading firms kept employees until midnight and a general overhauling of accounts was made so that on the opening of the exchange this morning the affairs will be in better condition than for many months past, and new margins have been cabled to prevent a rash sacrifice of good securities. A representative of Reiman's agency says: "Davis & Co. have received orders from London to buy both stocks and bonds. The London market for American securities is advancing with a strong feeling. The stock market is strong and higher in consequence of the resumption of the Metropolitan bank and the action of the clearing house. Prices rose to 4 per cent. The failure of Dimick & Co. has had little effect."

10:10 a. m.—The exchange has had more than the usual complement of buyers and by 9:30 a crowd of operators had gathered in knots awaiting the signal to commence the day's business. Just as the clock marked 10 Chairman Mitchell gave three raps with the gavel and in an instant the pent up excitement of the brokers gave vent in howls and five hundred hands were raised.

10:15 a. m.—Dispatches were received this morning from London houses by the leading foreign bankers, giving orders to buy both stocks and bonds at market prices. As it was feared that foreign orders to sell would be the chief factor in the downward movement to-day, this news was greeted with great satisfaction and is regarded as another break in the clouds that threatened the financial world.

11 a. m.—The foreign exchange market is affected unfavorably by the offering to loan bills of large amounts as well as by the withdrawal of money by cable from London for use in this market. The high rates for money on call here are rendering such transactions highly profitable. Brown Brothers reduced the rate on sterling bills to 4.87 for long and 4.89 for short sight, a decline of one cent. During the first hour of business only one failure was announced, and this did not involve any other firms. Confidence is being gradually restored, and among financiers fewer anxious faces are met. It seems to be generally accepted that the worst is over, and many capitalists are beginning to discuss the question as to whether or not now is the time to buy for a rise.

11:30 a. m.—A dispatch from Boston reports the suspension of F. A. Hawley & Co., who, although not heavy dealers, were regarded as of good standing.

12:15.—The Metropolitan bank has resumed the paying of all depositors presenting checks. Even before the hour named for the resumption the paying teller opened his window and the first man in line received his money. There were not over seventy-five in line and only one lady among the list.

1:30 p. m.—The clearing house has already issued \$1,000,000 in new loan certificates.

1:45 p. m.—Comparative quiet reigns in the stock exchange. It is more apparent every moment that the crisis is past. The suspension of Hawley & Co. of Boston, was caused by a run on the bank. It is believed it is only temporary.

2:45 p. m.—Fiske & Hatch have suspended.

3 p. m.—The firm of Fiske & Hatch, was composed of A. S. Hatch and Harvey Fiske. Hatch recently was elected president of the stock exchange by a unanimous vote. The firm have been the heaviest dealers in government bonds on the street and were considered a staunch,

conservative and reliable firm. They have been recognized as the fiscal agents here of the Chesapeake and Ohio railroad and of the Elizabethtown, Big Sandy and Lexington, Ky.

GRANT & WARD'S LIABILITIES.

Receiver Davies reports the liabilities of Grant & Ward, so far as he is able to ascertain, to be \$14,501,531 and the collaterals held by creditors to be between ten and twelve million dollars.

FOREIGN BANKERS ON THE SITUATION.

The London agent of the Associated Press this morning called upon the leading bankers having important American connections, with a view of learning their opinions concerning the panic in Wall street. The feeling generally expressed is one of confidence, and that the panic will be considered merely local. They were positive it occasioned no failures in London, either inside or outside of the exchange. The general soundness of the financial circles here, aided by the fact there has not even been rumors of large failures, is remarkable. The decline of American securities for the past few days attracted a new class of investors into the market, who were stimulated also by the cheapness of money in England, Germany and France.

THE SITUATION IN KANSAS CITY.

KANSAS CITY, May 15.—There is no truth in the report of the suspension of the Bank of Kansas City. The bankers of the city met this morning and agreed to pay 20 per cent. to depositors and gave certified checks for the balance. This agreement includes all except the American bank, which expects to pay dollar for dollar. The balances at the clearing house will be announced at 1 p. m., when a plan of settlement will be agreed upon.

The rush on the Second National bank is about stopped. The clearing house has arranged to pay the Second National debts.

JAY GOULD'S OPINION.

NEW YORK, May 15.—Jay Gould stated to a Tribune reporter that "this disturbance is senseless. I think it comes from a fear of each other by both the banks and brokers, rather than anything else. The general calling of loans is wholly unnecessary and foolish. I suppose the banks will be a little more cautious than usual on account of the loss accidentally suffered by the First National bank last week, but I think the worst is over. The people will retain their senses and there will be orders here from all over the country from persons eager to pick up bargains. The action of the banks is excellent as every one will see. There can be no panic while the banks stand together. I am sure all this excitement is at an end." Gould continued: "I never expected to see Western Union sell below 50; however, the company is certainly earning its dividends and this trouble only adds to its business. I should suppose some brokers might have realized that fact."

PHILADELPHIA'S BOOMING UPWARD. PHILADELPHIA, May 15.—11:15 a. m.—Business opened with a better feeling. Philadelphia stock all took an upward turn on the strength of the announcement that the Metropolitan bank had resumed.

A QUINCY BANK SPOOLS.

QUINCY, Ill., May 15.—The Union bank of this city has failed to open its doors this morning. When the Marine bank of New York failed the Union transferred its account to the Metropolitan, and the closing of the doors of that bank yesterday are given as the cause for the suspension.

The Methodist Conference.

PHILADELPHIA, May 15.—At the conference of Methodists, as the order of the day, at 10 o'clock, was the election of bishops. There was an unusually large attendance. A motion to clear the aisles for visitors was withdrawn, as great opposition was expressed. A great portion of the time was passed in a discussion of various motions.

Fire Record.

St. Louis, May 15.—The bone factory of A. B. Mercer, burned this morning. Loss \$65,000; insurance \$9,000.

TELEGRAPHIC BREVITIES.

It is estimated that the exportation of wheat from Australia in 1885 will be 11,000,000 bushels.

The governor of Massachusetts has signed the bill to prevent life insurance companies discriminating against colored people.

It is said the evidence adduced before the Swiss court of inquiry will result in Colonel Morrow, for several years on General Sherman's staff, undergoing a similar ordeal.

Judge Sage, of the United States district court, at Cincinnati, sentenced T. F. Dewy, of Yellow Springs, O., an attorney, to two years in the penitentiary for charging illegal pension fees, and for forgery in obtaining a pension claim.

The special grand jury investigating the Cincinnati riot indicted T. C. Campbell, Beuer's counsel, for bribery; he gave bail: A. F. Shaw, foreman of the jury, for perjury in the examination touching his qualifications to act as juror, who also gave bail; Wm. Mock, for arson, setting the court house on fire, and L. A. Phillips a Denver jurymen, who cannot be found.

A Boston Break.

BOSTON, May 15.—Hill, Stanwood & Co., brokers, correspondents of Graffo, Randle & Co., of New York, have suspended. Liabilities \$10,000. The failure is of no significance. It is now stated that the deposit account of Hawley & Co., is \$250,000; total liabilities \$600,000.

A Kentucky Quarrel.

CINCINNATI, May 15.—A Richmond, Ky., dispatch says: "The news of the killing of John Ketchum by a man named Bowles, in Rockcastle county, has just been received here. Ketchum stopped at Bowles' house, on his way home from court. The men quarrelled, when Bowles shot and instantly killed Ketchum. The latter was a bad character and was one of the principal actors in the Breathall county troubles."

A Base Hit.

PITTSBURG, May 15.—During a game of ball last evening two boys, James Cast and William Fortune, aged sixteen, quarrelled about the manner of pitching the ball, when Cast picked up a brick and struck Fortune over the head knocking him senseless. Fortune revived and went home, but died this morning at 8 o'clock. Cast was arrested while attempting to escape in disguise.

Cash Caught.

CHARLESTON, S. C., May 15.—A special from Cheraw says: W. Bogan Cash, the fugitive murderer of Marshall Richards, was shot this morning while resisting arrest by a posse in charge of Deputy Sheriff King. One member of the posse was slightly wounded and one of Cash's associates was seriously wounded. The governor was notified of the arrest. Cash was called out of his barn and commanded to surrender, but opened fire, when he was riddled with bullets.

Trouble Among the Indians.

CHICAGO, May 15.—A Winnipeg, Manitoba, special from the Indian headquarters says: Indian Agent McDonald left for Chief Jack's reservation early this morning. It is rumored that Jack and his band have threatened to exterminate Peapot and his band, who have taken up quarters on his reserve. Peapot will not go back to his own reservation. Trouble is feared, as the Indians are much excited and a band of bucks, who were camped here, have hurried to the reserve.

TROUBLE THREATENED.

The Wabash Employees Hold a Meeting to Protest Against the Fifty Cent Hospital Assessment—A Second Meeting Prohibited—A Strike at Logansport.

Some days ago Associated Press telegrams to THE SENTINEL announced the extension to the Wabash road of the Missouri Pacific hospital system. To maintain the hospital, each employee of the company is assessed fifty cents a month, in return for which injured employees of the road are to be cared for at the hospital of the company. Night before last the employees of the Wabash road here met in the machine shop and protested against the hospital assessment scheme, as it simply transferred a burden from the company to the men, who are unable to assume it. P. J. Fallon was appointed chairman of a committee to draft proper resolutions of protest and the meeting adjourned until last night to hear the report of the committee. The officers of the company heard of the affair and promptly forbid a second meeting. It is understood a meeting was held elsewhere and a resolution passed to resist payment of the assessment, even if such resistance precipitates a strike. The engine was to leave here yesterday to bring on the pay car, but an order came to stop it. The situation is alarming, but men and officials are reticent as to the maneuvers, which are executed with the greatest secrecy. The Logansport Journal says that a number of Wabash employees at that place are in receipt of a circular stating the reduction to be made in their wages for hospital service, and that they look upon the levy in no favorable light and state that it will certainly precipitate a strike if an attempt is made to carry the scheme into execution. The attempt to carry into force an order similar to this one was one of the chief causes of the strike on this system several years ago.

SAGINAW SLUGGERS.

The Fort Wayne Nines Again Knocked Out by the Pine Region Boys—League Games Elsewhere.

As stated in THE SENTINEL yesterday Umpire Young decided the Saginaws entitled to play and the Grand Rapids club retired by request of Officer O'Connell. In the first inning the Saginaws won in three runs and repeated their work throughout the game. The home team lacked organization and the ingenuity of Will Wood could not keep them together. Smith, the new catcher, was knocked out in the first inning and retired to right in place of Wood, who then caught. Darrah, a new man, pitched a fair ball but does not watch the game closely. In center field Mulholland played miserably. As the game concluded a telegram from Secretary Morton reversed the decision of the umpire and ruled the Saginaw club out. Morton gave the game to the Grand Rapids club 9 to 0, but Manager Nindlinger will not pay over the guarantee money until compelled to do so.

The score between the Fort Wayne and Saginaw clubs is as follows:

Innings..... 1 2 3 4 5 6 7 8 9
Saginaws..... 3 0 0 1 3 2 0 0 0
Fort Wayne..... 0 0 0 0 0 0 0 0 2

Runs earned—Saginaw, 2.
Two base hits—West, Arundel, Quin, Saginaw; Mulholland, Fort Wayne.
Left on bases—Saginaws, 4; Fort Wayne, 3.
Struck out—Fort Wayne, 2.
Passed balls—Smith, Saginaw, 2; Smith and Wood, Fort Wayne, 2 each.
Wild pitches—Darrah 2.
Time of game—1:30.
Umpire—Young.
The National base ball score yesterday—New York 4, Buffalo 0; Boston 4, Chicago 2; Providence 25, Detroit 3; Philadelphia 5, Cleveland 7.

Old Aaron Barrel Run in for the Theft of Carpet From A. Geismar—He Fails to Furnish \$300 Bail.

Yesterday Aaron Barrel, a notorious character, stole a big roll of carpet from the premises of A. Geismar. A warrant was sworn before Justice Ryan and placed in the hands of Marshal Meyer, who soon landed Barrel and the carpet in the station house. Last evening the old man was arraigned for the theft before Justice Ryan. He pleaded pitifully for mercy, but justice was stern and Aaron went to jail to await indictment in default of \$300 bail.

Some time ago Barrel was deserted by his family, who went to New Mexico while he was in jail. The history of the family reads like a romance. Old Barrel resided at Canton, Ohio, and was wealthy. He lived in a handsome mansion and educated his children highly. All moved in the first society of Canton and enjoyed the respect of a wide circle of friends. In the midst of this revelry Mr. Barrel speculated and went security for his friends. The crash came and the unfortunate man awoke one morning a pauper. His son lost his reason and the old man sought consolation in the bottle. The family moved here several years ago and the eldest daughter, Miss Frankie Barrel, taught music. Old Barrel is about insane now and his last caper will probably end his days in the penitentiary.

The committee of the bondholders of the narrow gauge road, managed by Receiver Will Craig, have submitted a plan for reorganization. It proposes to issue 5 per cent. bonds on the road and equipment not to exceed \$8,000 per mile from Kokomo to St. Louis, 228 miles, amounting to \$1,750,000; to issue preferred stock in exchange for the present first mortgage bonds, amounting to

This plan places the control of the new corporation in the hands of the present bondholders.

Many of the bitters and quack nostrums of the day are also advertised for consumption on the plan that the only thing that the stuff would cure is the unwieldy, ignoble grief of the proprietor. Don't be deceived. The best remedy for strengthening the lungs, soothing all irritation, and stopping the cough, is Dr. Wiser's Balsam of wild cherry. It has cured many cases where physicians had given up hope.

patronize Borodent because it perpetuates and increases the most important item in the sum of loveliness, beauty of the teeth. Let the mouth be ever so small, a very cupid's bow, if filled with discolored teeth it is repulsive. Whitened and preserved with this peerless dentifrice, the teeth form a delightful contrast to the rosy hue and lovely curve of a pretty mouth. Borodent is far preferable to gritty tooth powders.
